Food Allergy OR Intolerance?

Please make our team aware of any food dietary, allergens or intolerances in your party at the time of ordering. We will be as supportive as we can. However, we have a small preparation area and so unfortunately some options we simply cannot accommodate as we do not have the space for a controlled food environment without cross contamination.

Thank you for supporting us and we welcome feedback & suggestions.

If you have a food allergy, intolerance, or coeliac disease - please speak to the staff about the ingredients in your food and drink before you order. Thank you.
